## FLAT-TOP BACKYARD CHARCOAL GRILLS

Charcoal may be "old school" but there's a reason why its popularity endures: It's all about taste and simplicity. And if charcoal is your method of choice, Yoder Smokers has a grill for you. Yoder's charcoal grills come in two models, boasting either 864 or 1,152 square inches of cooking surface. Two additional features cooks will immediately appreciate are the variable height charcoal basket and the ability to cook indirectly.

The cart mount makes easy work out of positioning the grill.

Of course, every charcoal grill is made with Yoder Smoker's legendary craftsmanship and attention to detail.

## ABILENE CHARCOAL GRILLS

Available in two sizes, 16" & 20", the Abilene is designed for the serious griller. The

Abilene 16" provides 500 square inches of grilling surface. If the Abilene 16" isn't enough, step up to the Abilene 20" which provides 750 square inches of grilling surface; add the 2nd level shelf and the cooking surface grows to 1,268 square inches. Superior craftsmanship combined with rugged 1/4 inch steel construction means this will be the last grill you'll ever buy. The Abilene's heat retention qualities and dual damper air flow system insure precise temperature control and virtually guarantees your status as the neighborhood grill master.

FLAME KISSED CRUST  
WITH A HINT OF SMOKE

### CHEYENNE BACKYARD OFFSET SMOKER

"The Cheyenne" moves you beyond simply grilling and into the world of slow smoking and barbecuing. The difference is this; the heat and smoke are drawn through the cooking chamber indirectly. The indirect heat is the secret to producing moist, super tender meat with that rich smoky flavor. Whether you are feeding your family or a gathering of a dozen people put the Cheyenne to work for you and be prepared to enjoy Blue Ribbon results.

### WICHITA BACKYARD OFFSET SMOKER

So, your reputation as the neighborhood pitmaster is drawing a crowd. The Wichita boasts up to 1,610 square inches of cooking surface for additional meats and sides. Precision crafted, the Wichita's dual-damper draft control system produces professional results—regardless of your level of experience. For even more cooking versatility, the Wichita features a firebox grill grate and an optional top slide out shelf. From the backyard to large gatherings—or even competitive events—the Wichita will astound your newfound fans.

## KINGMAN BACKYARD OFFSET SMOKER

Is the quality of your barbecue increasing the size of your gatherings? The Kingman is sized to make light work out of preparing unbelievable smoke infused meats for crowds of 100 and more.

The key is the Kingman's consistent heat management characteristics, which efficiently draws heat and smoke from the offset firebox. Adding to the Kingman's competition-grade status is an extensive list of standard features including a cooking door counterweight, dual-thermometers,

Heat Management Plate, top slide out shelf and a firebox grill grate. With the Kingman is at home doing commercial catering, competing in BBQ competitions or in the backyard with friends.

PULLED TO PERFECTION

## DURANGO BACKYARD OFFSET VERTICAL SMOKER

"The Durango" is the Swiss Army Knife of barbecue pits. Placed in the hands of an avid pitmaster everything is possible. Direct grill a steak, indirectly grill chicken or fish, smoke butts, brisket and ribs or slow the fire down and cold smoke in the vertical cooking chamber. Prefer to hang your foods? No problem the Durango is equipped with hanging bars. The Durango will take your cooking experience to a whole new level. Choose from either the 20" or 24" model based on the size of your gatherings. The Durango gives new meaning to "getting the party started."

## STOCKTON BACKYARD OFFSET VERTICAL SMOKER

Over and over we heard our customers asking for a BBQ pit that delivers a large cooking area in a compact footprint. The Stockton is the answer to this request. With just over 4,300 square inches of cooking surface in a compact space (62" long x 82" high x 35.5" wide), this pit can easily handle 24+ racks of ribs or 16+ pork butts or whatever your friends or customers desire. The Stockton is fitted with eight, two foot square racks positioned 4" apart. Load all 8 or remove every other rack for increased cooking height. This design is as versatile as your cooking requirements are varied. Load it up with ribs and then fill it with turkeys, it's that simple.

## YODER SMOKERS TRAILER SERIES
